NON-CIRCULATING

Letter from the Principal

Dear Seniors of the Class of 2022,

I would like to take this opportunity to say thank you! Thank you for being one of the finest classes to walk the halls of Plymouth South, and thank you for your patience and resiliency during your high school years.

Grade nine was "normal," grade ten ended on March 13, 2020, grade eleven was hybrid/remote and extremely challenging, and for grade twelve, you were in masks until February 28th of your senior year. You endured the cleaning of desks, hand sanitizer, not seeing each other's smiles for over two years, athletic seasons that were eliminated and/or modified, "to-go" lunches, not being able to sing inside, and so much more that none of us could ever have imagined. However, through it all, you embraced school spirit opportunities, hosted one of the best pep rallies in my time as principal, and worked with us during the most difficult of times. It would have been easy to sit back and complain about all the events that were taken away from your high school experience. Instead, you made the most of every opportunity that was offered at Plymouth South.

Thank you for making Plymouth South the great place that it is through your adventures, your hard work, and most importantly, your laughter and smiles. It has been my pleasure to be your principal these past two years, and I want to thank you again for welcoming me back in the fall of 2020. When you are reading this letter, you will be almost at the stage for graduation and receiving a lot of advice. I'd like to share some words of wisdom: please remember to always be kind and to "show up." If you do these two things, you will succeed in the years ahead.

Congratulations Class of 2022 - you made it!

Sincerely,

Patricia C Fry

Justin Richmond-Mercer

Dear Bubba,

Congratulations on your graduation!

I cannot believe my baby boy is now a graduate. I surely feel old now, but this is my most happiest day ever.

I wish you adventure on your journey and may you always stop to help someone along the way.....listen to your heart and take risks carefully.

Always remember how much you are loved... I am so proud of you!

Love Always,

Mom

To the Young Men below:
We watched you grow through the years, and you made us moms belly laugh often.
Thank you for letting us be a part of your lives the last 12 years. We wish you all the best in your future endeavors.
Love, Audra, Karen & Joyce

Sean Novick

Sean: Archie Graham said, "We just don't recognize life's most significant moments while they're happening" - but he hadn't met you. Through all of life's ups and downs, you recognize & appreciate what so many of us take for granted: Your teachers, your friends, your family... We love you for that - and for so much more. We simply could not be more proud of you. As your preschool teacher predicted, "I know one day you will make a huge impact on the world. I truly believe your smile makes this world a better place" - you already have, and it truly does. XOXO Mom, Henry, Nana, Papa, Martin, Daniel, Robin, Lisa, Grace, Jack, Liam & Tom.

Gavin Blazonis

Congratulations Gavin!

These 18 years went by too fast! We are so proud of the young man we have watched you become. We had a big bump in the road and the three of us came out stronger and closer. Dad and I can't wait to see what the future holds for you, we will be right by your side cheering you on. Congrats Gav! We love you so much!

Love,
Mom and Dad

Dr Ned T. Sahin and the Brain Power® team congratulate you on your graduation, and on your amazing progress all these years. It has been a true honor knowing you as you have learned, grown, gained new skills, gathered many friends, increased your confidence, and prepared for the exciting next chapters in your life!

Brain Power thanks Sean Novick for his immense contributions to people with neurodiverse brains. Sean has brought Brain Power's advanced technology into schools, coordinated a multi-school study, and even helped design a method we use to analyze real-world behavioral data in our software. He truly has an exceptional mind, and a passion for growth.

Congratulations again, Sean – we know you will continue to "empower every brain" through your future adventures!

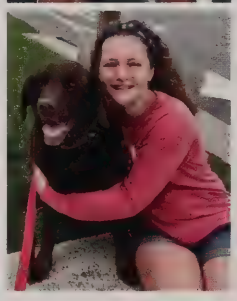
Allyson Long



Ally:
You've been a ray of sunshine from the moment you were born. Watching you grow has been the greatest joy and source of pride for me and Dad. You are the embodiment of brains, humor and kindness. Please know, behind you are all your memories, before you all your dreams, around you all who love you, and within you all you need.

And, if you are ever in doubt about what is next, Dr. Seuss reminds you, you're off to great places, today is your day, your mountain is waiting, so get on your way!

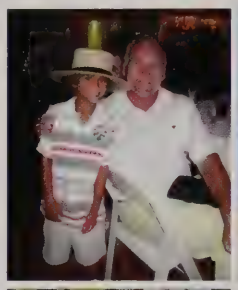
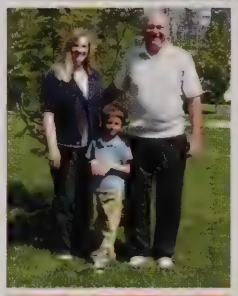
Colby Consolati





A coy lad with oceanic eyes, Colby you have emerged as an ardent brave heart: in deed, whether to protect a lady bug or silently race through a challenging maze or math problem in pen (knowing that your brain is faster than ink); in spirit, sensitive to other's needs with a soothing boldness; and by heritage, a Scotsman who will battle for the win only if it is just. We surrender to your ambidextrous skills, accepting that the generational torch has been passed, and you will carry it upward. What a flow, CC; what a man God has blessed you to become. Lovingly, in heart and soul, Gramma and Papa

It is hard to believe that my baby is graduating from high school. You have transformed from a rebel rousing youngster into a sweet, compassionate, polite, and intelligent, young man that is eager to see where the mathematics world takes him whether it be in business, economics, statistics, or teaching. Your passion for life and desire to truly get the most out of each moment is rare in today's world. Keep your silly and enthusiastic spirit at the forefront of everything you do, and I know that you will continue to see the glass as half full. You are a blessing CC! Lots of Love, Mom, Dad, & Luke

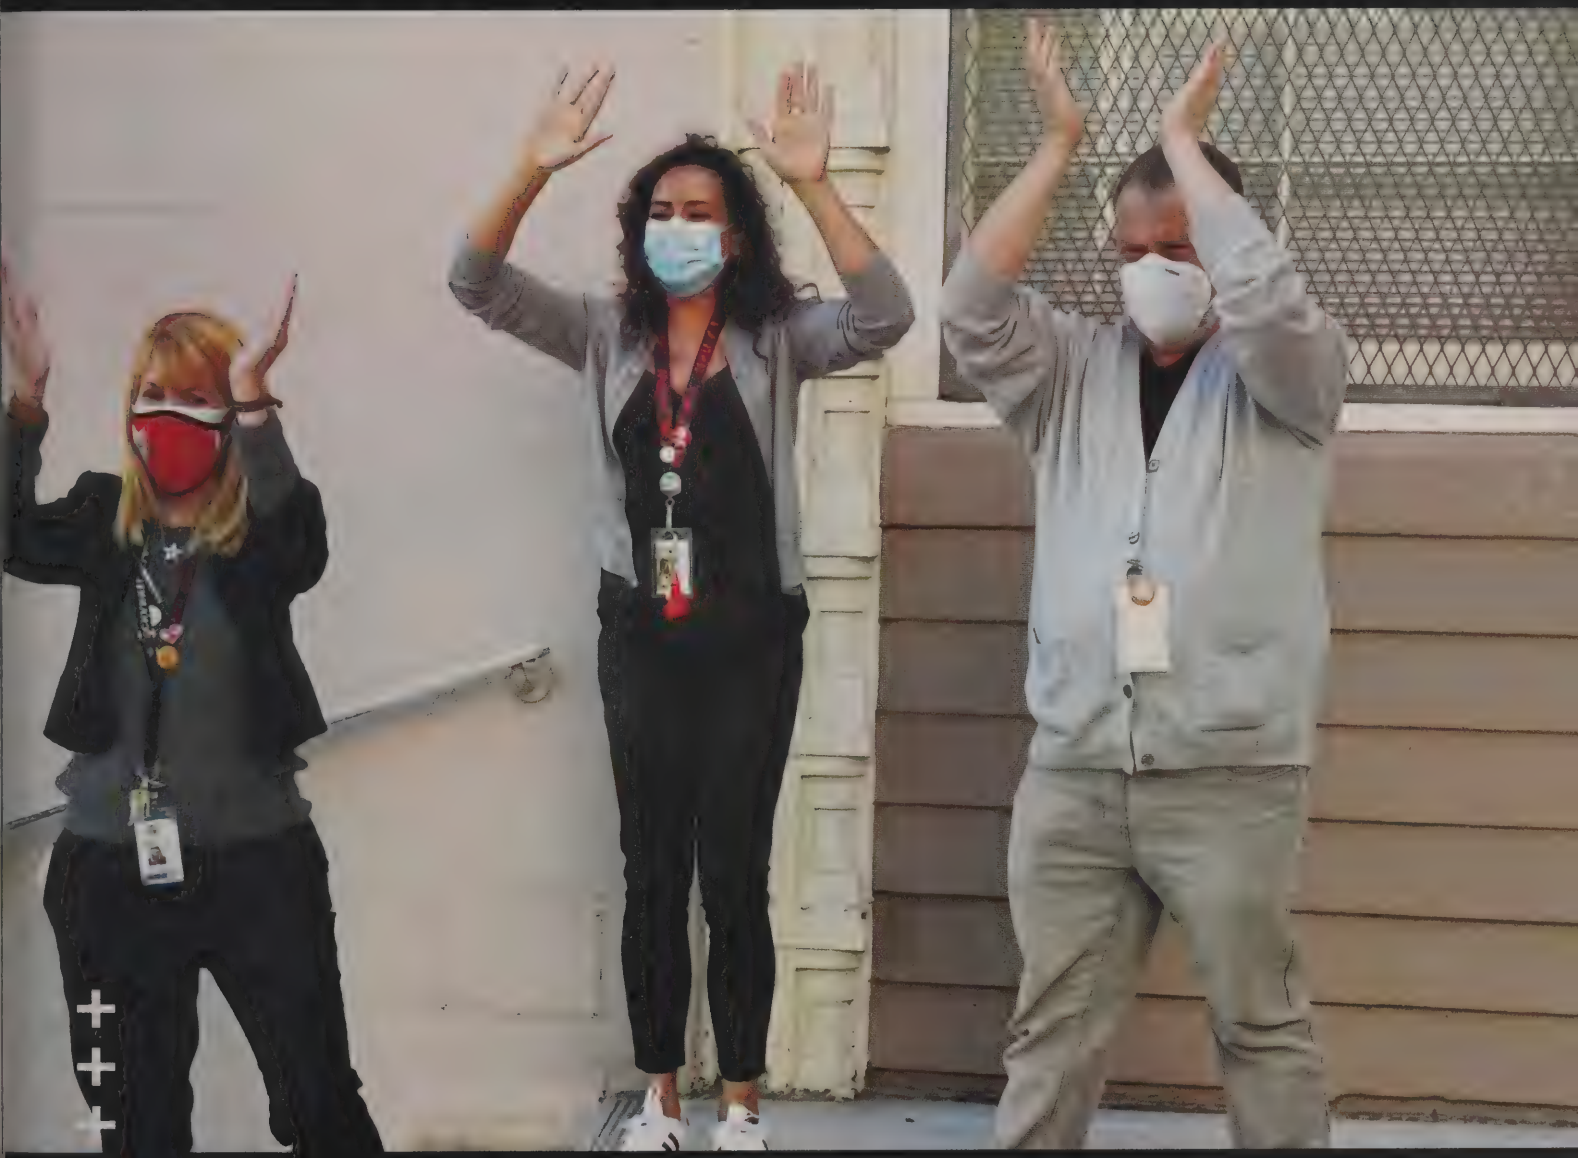
YEAR TWO++



As the COVID-19 pandemic continued into year two, it offered unexpected challenges. Businesses found ways to innovate and stay afloat. Schools, many of which lost students to homeschooling, developed creative solutions to keep students enrolled and engaged. And while approved vaccines brought the promise of a return to normal, virus variants Delta and Omicron challenged an already-stressed health care system. Even so, 99% of students remained in school full time at the end of 2021.

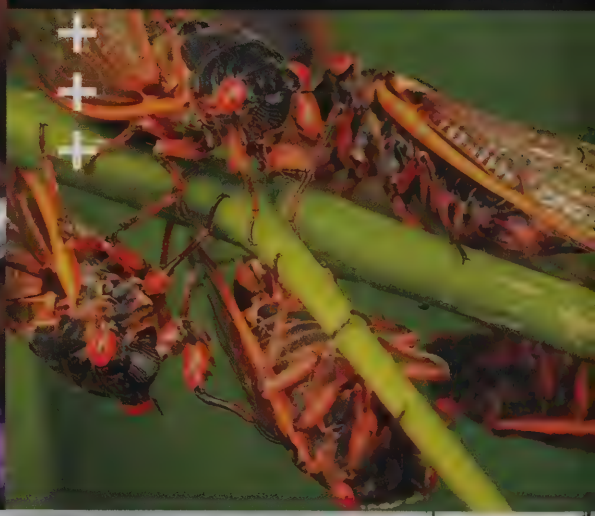
HEADLINES

MALARIA VACCINE SUCCESS

A century of research finally led to the creation of an effective malaria vaccine approved by the World Health Organization (WHO) in October. A study estimated that the GlaxoSmithKline vaccine, Mosquirix, could prevent 5.4 million cases and 23,000 deaths in children under five annually.

BROOD X RETURNS

Billions of Brood X cicadas, the largest group of 17-year periodical cicadas, emerged from their underground habitat after almost two decades, both delighting and annoying human observers. Periodical cicadas are famous for being a noisy member of the natural world.

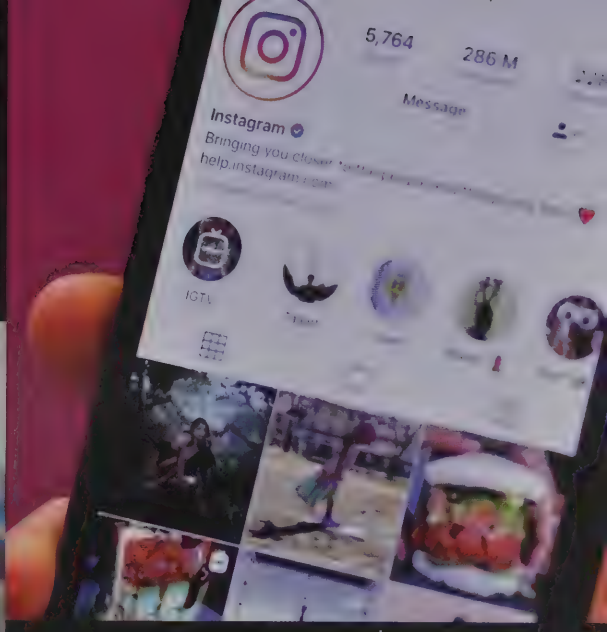


HURRICANE IDA HAVOC

On the 16th anniversary of Hurricane Katrina, Ida hit the coast of Louisiana as a Category 4 hurricane with 150 mph winds. Ida knocked out power for 1 million in Louisiana and caused food, water and fuel shortages. The storm also hit the Northeast U.S., bringing tornados, flooding and record rainfall.

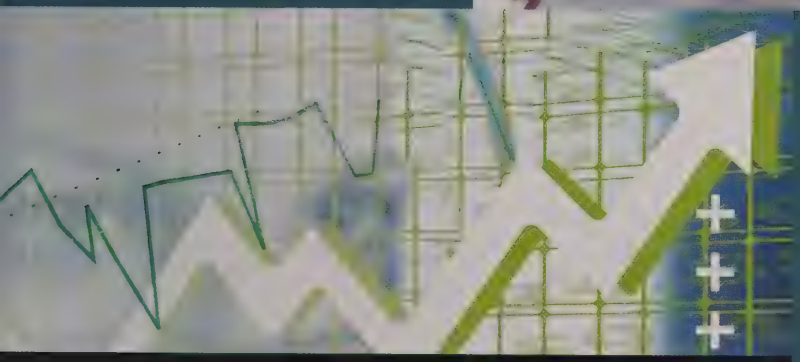
THE GREAT RESIGNATION

Workers quit their jobs in record numbers, a phenomenon that Texas A&M Associate Professor Anthony Klotz named "The Great Resignation." School disruptions, COVID-19 risks, and work-from-home arrangements left workers reexamining their priorities, often leaving jobs to make long-desired career changes, leaving employers struggling to run viable businesses.



SOCIAL MEDIA RISKS

Facebook, Instagram and TikTok were found to use algorithms that directed users toward unhealthy weight loss videos or filters that could negatively impact body image, leading to feelings of inadequacy or self-harming behaviors in some users.



NOBEL PEACE PRIZE

Two journalists, Filipino Maria Ressa and Russian Dmitry Muratov, won the 2021 Nobel Peace Prize for fighting to maintain freedom of expression while facing censorship, legal charges and threats of violence.

INFLATION RATE

The end of 2021 saw demand outpacing supply, heating the U.S. economy to a 7% inflation rate, the highest in 40 years. Even though pandemic government aid and higher wages increased consumer demand, supply shortages led to rising prices for food, fuel, automobiles and other consumer goods.

HEADLINES

CHILDREN'S PEACE PRIZE

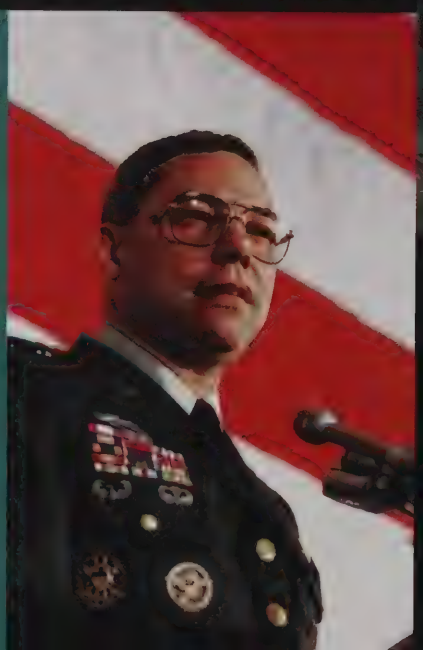
17-year-old Vihaan Agarwal and his 14-year-old brother Nav won the 2021 International Children's Peace Prize for their pollution-fighting project One Step Greener, which picks up and separates garbage and recycling from over 1,500 schools, offices and homes in Delhi, India, one of the most polluted cities in the world.

HOME FROM AFGHANISTAN

The last U.S. troops flew out of Kabul on August 30, 2021, 20 years after George W. Bush sent soldiers to Afghanistan with the mission of overthrowing the Taliban and fighting Al Qaeda. After Taliban forces occupied Afghanistan's capital on August 15th, U.S. forces and their allies helped evacuate 123,000 civilians, including American citizens and Afghan allies, amidst chaos at Hamid Karzai airport.

COLIN POWELL

Colin Powell, who during his military career received 11 military decorations, served as chairman of the Joint Chiefs of Staff during the Gulf War and then as secretary of state under President George W. Bush, died on October 18, 2021 at age 84. Powell was one of the most admired and respected U.S. statesmen.



DESMOND TUTU

Archbishop Desmond Tutu, who along with Nelson Mandela helped end the South African policy of apartheid (forced racial segregation), died on December 26, 2021 at age 90. The first Black South African archbishop, Tutu won the Nobel Peace Prize for his advocacy to end the apartheid system.

TIME'S PERSON OF THE YEAR

Time magazine named billionaire Elon Musk, chief executive of electric car manufacturer Tesla and space exploration company SpaceX, the 2021 Person of the Year. The designation is given to the person or people that *Time* considers most influential, whether positive or negative, during the year.

SURFSIDE COLLAPSE

Early on June 24, 2021, Champlain Towers South, a 40-year-old once elegant condominium building in Surfdside, Fla. partially collapsed, killing 98—one of the worst building failures in U.S. history. Emergency workers pulled 37 survivors from the rubble, including a 16-year-old girl who fell five stories and a 15-year-old boy found under a mattress.

CLIMATE SUMMIT

Nearly 200 nations signed an agreement to drastically cut carbon emissions in the next decade but failed to achieve the Paris Accord's goal of limiting global warming to 1.5 degrees Celsius by the year 2050. Outside, tens of thousands activists gathered, many of them young people.

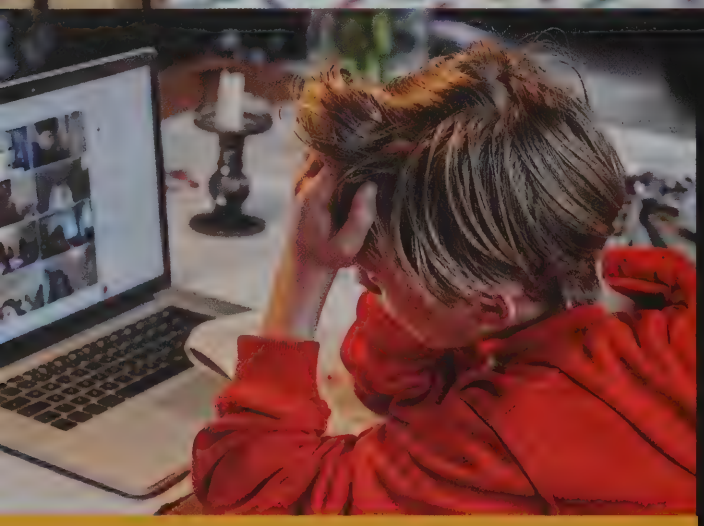
BETTY WHITE

Recognized by *Guinness World Records* as the woman with the longest acting career, Betty White died December 31, 2021. White won three Emmy awards and a Screen Actors Guild Life Achievement Award. Fans honored White by donating $12.7 million to animal shelters weeks later on what would have been her 100th birthday.

COVID-19

KIDS' VACCINES GREENLIGHTED

After authorizing emergency use of the Pfizer-BioNtech COVID-19 vaccine for those 16 and older, the FDA amended the order in May 2021 to include 12–17 year olds. In October, this approval was extended to 5–11 year olds. As of December 8, 2021, the CDC reported that 61% of 12–17 year olds and 18% of 5–11 year olds had received at least one dose.

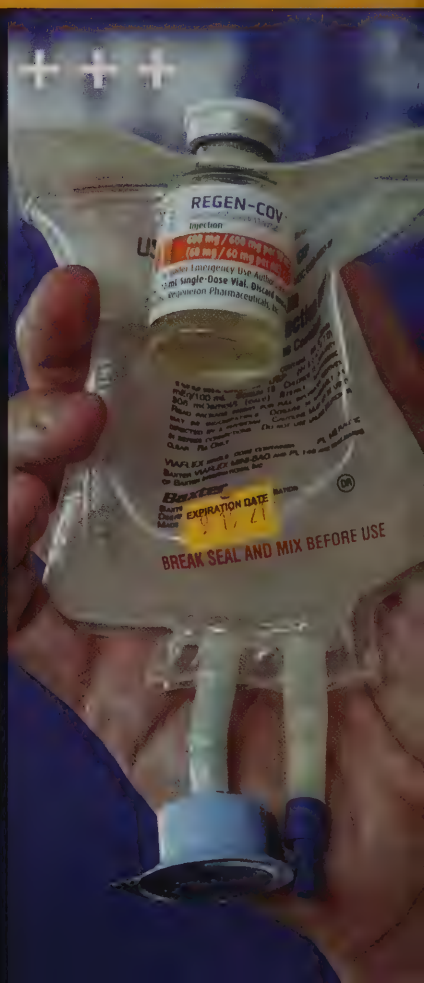


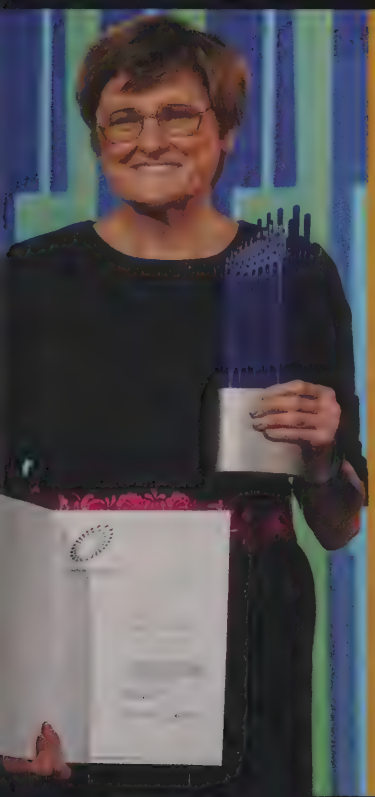
ZOOM FATIGUE

Virtual learning and work during COVID-19 contributed to Zoom fatigue. A Stanford University study concluded that virtual communication requires more mental work than in person. In Zoom, your brain may be working harder to compensate for lost nonvisual cues and body language.

PROMISING TREATMENTS

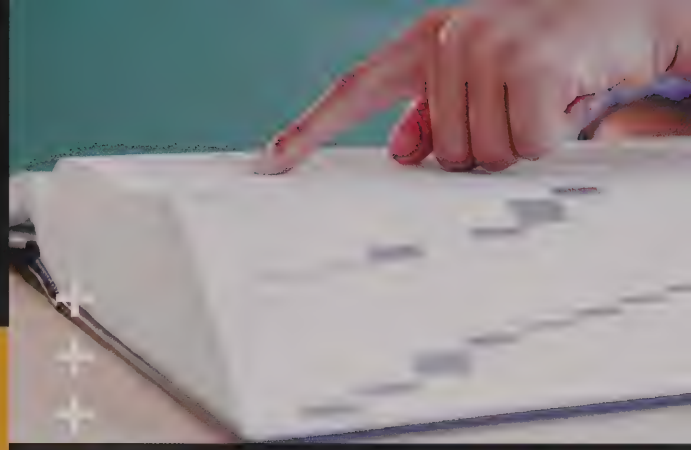
Several treatments emerged to help COVID-19 sufferers at increased risk of serious illness avoid hospitalization or reduce complications. In December 2021, the FDA authorized emergency use of Paxlovid, a prescription-only oral antiviral pill, as well as several monoclonal antibody treatments that work by interfering with virus replication.





mRNA VACCINE SCIENTIST

Decades of research led Hungarian American biochemist Katalin Karikó to the creation of messenger RNA (mRNA) vaccines, like those used against COVID-19. Karikó's research with immunologist Drew Weissman led to their success. Karikó continues to study and refine the BioNTech vaccine.



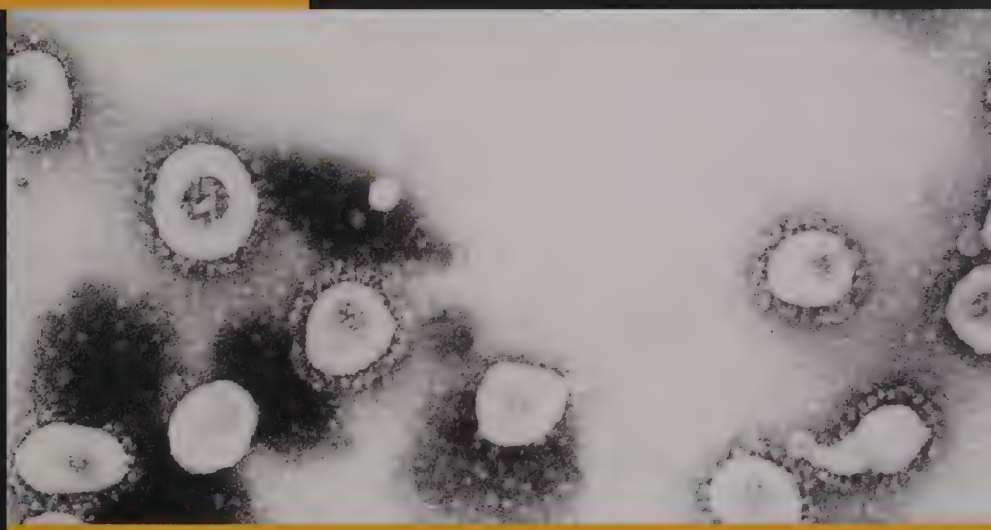
NEW FOR 2021

In October, Merriam-Webster's dictionary added 455 new words, including the following COVID-19 references:

1. breakthrough - an infection in someone who has been fully vaccinated
2. long COVID - condition with symptoms that continue after COVID-19 recovery
3. vaccine passport - digital or hard-copy proof of vaccination

WEAK SUPPLY CHAIN

Multiple factors, including COVID-19 quarantines, led to massive shipping delays. Shortages of goods like cars, computers, toys and bicycles were seen across the globe. Companies and governments scrambled to build production plants and calm frantic customers in advance of the winter holidays.



DELTA WAVE, OMICRON TSUNAMI

By the summer of 2021, things were starting to return to normal, then the Delta variant of COVID-19 arrived. By December, the newest variant, Omicron, a highly contagious form of the virus, replaced Delta's position as the most common type of COVID-19 infection being diagnosed.

SPORTS

ATHLETES CHOOSE MENTAL HEALTH

In May 2021, top-ranked tennis star Naomi Osaka dropped out of the French Open. Only months later, Olympic gold-medalist Simone Biles withdrew from the gymnastics competition in Tokyo. Osaka reported suffering bouts of depression while Biles cited a dangerous phenomenon called "the twisties," where a gymnast, midair, cannot remember what to do next.

LEE'S OLYMPIC FIRST

Sunisa ("Suni") Lee, the first Hmong American to qualify for the Olympics, became the first Asian American to earn a gold medal in the women's gymnastics all-around competition. While COVID-19 restrictions kept her family from attending, family and community members watched remotely. The video of their wild cheers when Lee won went viral.

CHICAGO'S WNBA FIRST

October 2021 saw the Chicago WNBA franchise, Sky, win its first championship series, defeating the Phoenix Mercury in four games. Playing to a sold-out arena, the Chicago Sky scored 80 points to the Mercury's 74 in the final game.

ATLANTA WINS

The Atlanta Braves took the World Series with a 7-0 Game 6 shutout of the Houston Astros in November 2021, the franchise's first World Series victory in 26 years. In July, manager Brian Snitker acquired four players in late-season trades, including Jorge Solera, who was chosen Series MVP.

SUPER BOWL LVI

The Cincinnati Bengals and Los Angeles Rams battled it out in an exciting game with the Rams winning 23-20. The Rams were only the second team in NFL history to play in the Super Bowl at their home stadium. For the first time, the halftime show featured hip-hop and rap artists singing recognizable hits from the past.

BATTLE OF THE TEENS

Two teens, 18-year-old British player Emma Raducanu and 19-year-old Canadian player Leylah Fernandez, became the first unseeded pair to meet at the U.S. Open Women's Final. Raducanu beat Fernandez in straight sets, 6-4, 6-3, to become the youngest woman to win a major tennis tournament since the 2004 Wimbledon final.

SPORTS

Stanley Cup Ring Produced by Jostens®

TWICE AS NICE

The Tampa Bay Lightning beat the Montreal Canadiens 4 games to 1 in a 7-game playoff series, winning their second Stanley Cup title in nine months. This time they played in front of a full-capacity home crowd, unlike the previous victory over Dallas in an empty Edmonton arena.

CARLI LLOYD RETIRES

Carli Lloyd left the field to a standing ovation in her 316th and final game with the U.S. Women's Soccer Team, a 6-0 win over South Korea. The 39-year-old New Jersey native retired with two World Cup titles and two Olympic gold medals. Lloyd passed her no. 10 jersey to Lindsay Horan, who will wear the number starting with the 2022 season.

THE BUCKS ARE BACK

The last time the Milwaukee Bucks won the NBA Finals, in 1971, powerhouse Kareem Abdul-Jabbar, then known as Lew Alcindor, led them to victory. This year, the Bucks beat the Phoenix Suns in six games, 4-2, with MVP Giannis Antetokounmpo scoring 50 points in the final game of the 2021 championship.

NYCFC CLAIM FIRST CUP

New York City Football Club captured their first Major League Soccer Cup in franchise history. They defeated the Portland Timbers 4-2 in a penalty shootout. This was the Timbers second consecutive defeat, having reached MLS Cup three times in seven years.

SCHOOL MAKES HISTORY

For seven years, the football team at California School for the Deaf in Riverside didn't win a single game. Then, in 2021, the Cubs, whose players and coaches are all completely deaf, averaged 65.6 points per game in a 12-1 storybook season. Cubs wide receiver Enos Zornova pointed out that communicating in ASL, their native language, gave the Cubs an advantage, making team huddles unnecessary.

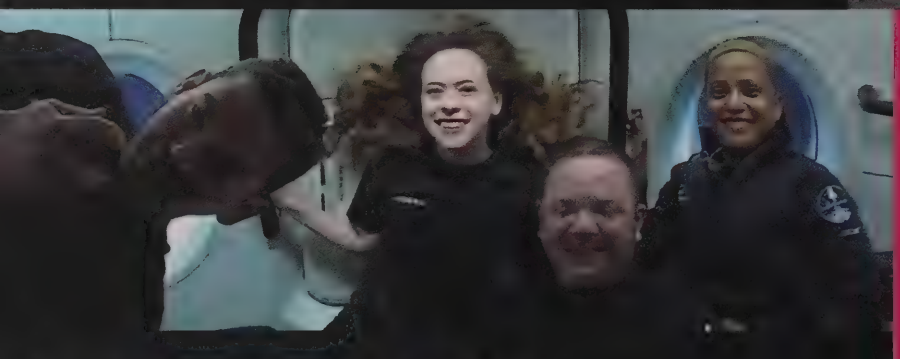
TECH & TREN

POWERFUL SOLAR FLARE

In October 2021, a Class X solar flare, the most powerful category of flares, erupted, and powerful NASA cameras captured the activity from the closest point ever. The flare caused the aurora borealis, or Northern Lights, to be visible in the U.S. as far south as Utah. Powerful flares can disrupt atmospheric activity such as GPS and communications signals.

ELECTRIC CARS

Ford announced an $11.4 billion plan to build new battery plants and set goals for battery-powered pickup trucks. In addition, Ford announced an electric version of the F-150, the F-150 Lightning, by spring 2022. GM also planned new battery-production plants, and Toyota switched its focus from hybrid to fully electric vehicles.



BILLIONAIRE SPACE RACE

In July 2021, NASA announced the Entrepreneurs Challenge, calling on private companies and individuals to help develop space technology. Challenge accepted by British billionaire Sir Richard Branson and crew. Nine days later, Jeff Bezos took a 10-minute trip into space on his crewed Blue Origin spacecraft, New Shepard. Elon Musk's September SpaceX mission, Inspiration 4, was the first with an all-civilian crew and a previously used rocket.

THE METAVERSE

Mark Zuckerberg rebranded Facebook as Meta in October 2021, signaling his intent to dominate the immersive 3-D virtual world. As already seen in 3-D games such as Fortnite, a *metaverse* is a virtual world with avatars that lead exciting alternate lives on behalf of their human counterparts.

TIKTOK TOPS GOOGLE

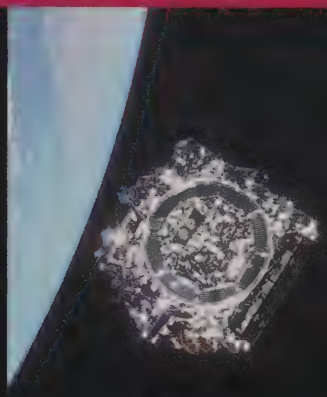
TikTok surpassed Google as the most-visited site in 2021, first eclipsing the search engine in February and clearly dominating by summer. As of July 2021, users had downloaded the TikTok app over three billion times.

THE NFT BOOM

Unlike cryptocurrencies and stocks, anyone can create and sell one-of-a-kind digital creations called non-fungible tokens or NFTs. 18-year-old Victor Langlois, known as FEWOCiOUS, sold five lots of his work for $2.16 million.

WEBB TELESCOPE

Twenty years of development culminated in the launch of the James Webb Space Telescope, a U.S.-Canadian-European mission to explore the universe, search for life beyond our solar system and understand black holes.



DISNEY TURNS 50

On October 1, 1971, Orlando's Disney World opened for business. This year, it kicked off its 50-year anniversary with sold-out hotels, long waiting lines, and confetti cannons. The 22-month celebration will include new rides, a new luxury hotel, and a wearable "MagicBand+" for interactive experiences. Disney World now employs 700,000 and sees over 50 million visitors each year.

SPIDER-MAN IS BACK

The latest in the eight-movie Spider-Man franchise, *No Way Home* broke records and warmed the hearts of Hollywood executives, despite its theater-only release. *No Way Home* pulled together storylines and characters from several previous Spider-Man films. On opening weekend, 20 million fans saw *No Way Home*, which earned $253 million in North America.
